END-USER-INSTRUCTIONS

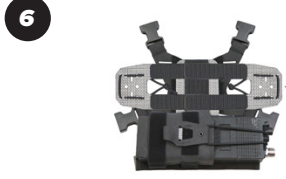

PRODUCT NAME:

# NavBoard FlipLite STACK

ALL PRODUCTS  
SOLD SEPARATLY

Unbuckle shoulder straps

Using Molle Straps from Radio Pouch, attach radio to MOLLE Hanger

MOLLE Hanger is attached to Harness

PTT Wings are placed on top of MOLLE Tab and cables are routed through bungee retention

Insert velcro tab (black portion) into the velcro pocket of the MOLLE Hanger. Attach waist straps

Attach Tourniquet Pouch to the bottom of Deep 6 Pouch

Insert FlipLite into FlipLite Jacket

PTT Wings and MOLLE velcro tab are inserted into back of FlipLite Jacket. Radio Cables are routed to FlipLite device

Fully seat bottom edge of Flap onto bottom edge of FlipLite camera's window

Once Flap is locked & Secured, fold down instrument panels out of the way until ready to use.

Buckle Shoulder & Waist Straps
